Improved attainment and progress for pupils in Reading, Writing and Maths in F2	To part fund an additional teacher to work in Foundation 2 to enable smaller class sizes and targeted intervention for the daily teaching of English and Maths.	<p>Many of our disadvantaged pupils need targeted support to enable them to catch up. iii. Other approaches					
Desired outcome	Chosen action/approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
To enable Pupil Premium pupils to participate in a range of extra- curricular activities including residential outward-bound courses.	Extra-curricular activities are funded for PP pupils so that they can fully access and benefit from the full range of opportunities provided by school.	Outward bound courses are recognised as a key tool in building pupils confidence, independence and resilience providing them with vital life skills. We want to ensure that our extra-curricular activities are inclusive of all so that all pupils can benefit from experiences which enrich their learning.	By ensuring good communication and information to parents about the PP funding. By monitoring participation levels of PP pupils in extra-curricular and residential activities.	Headteacher PE Leader. To support parental engagement through our EYFS Family Matters Programme.	Funding will be used to further develop our Family Matters programme. This programme works with families to support the social and emotional well-being of their child. It will be extended to provide support for families of children in our 2 yr old provision and nursery classes to ensure support is targeted where need is greatest In addition it shares teaching approaches for language and literacy enabling parents to feel more confident is	A number of our children entering school have little experience of clear routines and boundaries in the family home with parents needing support to manage this. Our Family Matters programme has been particularly successful over the years in engaging with hard to reach families, including many who are supported by the pupil premium. Extending it to families of our youngest children will enable positive relationships and strategies to be supported at an early stage. Funding is used to resource the sessions as well as the provision of a crèche to enable parents to attend.	Parent evaluations are completed to gain feedback on the programme and these are used to inform future work	Pastoral Support leader EYFS leader	Summer term

To provide support for vulnerable children and their families	Funding will be used to access support from 'Caritas' to meet needs of vulnerable pupils including support for mental health needs. In addition signposted support will be provided for parents according to need: eg parenting programmes.	An increasing number of pupils experience more complex mental health problems. Caritas have worked successfully with schools and vulnerable children and families over many years to provide a range of support including parenting courses, Mindfulness and managing anxiety.	HT and Pastoral Support leader will liaise closely with Caritas staff and families to identify and source support. Parent evaluations will provide valuable feedback .
