Use every opportunity to reinforce values through mass, liturgical services, assemblies, prayer and liturgy sessions, discussions in class, stories, enrichment opportunities, and as a response to events in school and around the world etc.

We want our children to be able to discuss, talk about and understand gospel values in a real way that will impact on their everyday lives. These are values that we as staff should aim to model and share with the children through our actions and responses to them and to each other.

These values, skills and opportunities to reinforce them should be evident in everyday school life and considered when planning learning opportunities for pupils.
